

<p>A haiku is a traditional Japanese poem divided into three lines of 5, 7, and 5 syllables each.</p> <p>Write a haiku about chocolate.</p> <p>Send your poem to schools@fairtrade.org.uk for a chance to get your poem published on the Fairtrade Schools website.</p>	<p>Download and print this world map from National Geographic. Can you find Côte d'Ivoire?</p> <p>Colour the countries and flags with sharp coloured pencils.</p> <p>Use different colours to highlight where different Fairtrade products grow on the map.</p>	<p>With changing weather patterns cocoa crops are more at risk from rain damage and disease.</p> <p>How could you measure wind speed or rainfall at home?</p> <p>Set up your own experiment. Click here for inspiration.</p>
<p>60% of the world's cocoa comes from Ghana and Côte d'Ivoire.</p> <p>Get creative and try your hand at drawing a range of adinkra symbols, the special West African symbols you might have seen on Fairtrade Divine chocolate bars!</p> <p>You will need this handout.</p>		<p>At the Cayat cooperative farmers also grow bananas, chilies and manioc to diversify their incomes.</p> <p>Use a computer or nonfiction book to look up a traditional dish made in Côte d'Ivoire using these ingredients.</p> <p>Ask a grown up if you can make one together, maybe attieke or allocó!</p>
<p>The average female cocoa farmer is paid as little as 23p a day. This is not enough money for a person to meet their basic needs.</p> <p>Show retailers that farmers deserve a fair deal. Write a letter to a local retailer that sells chocolate telling them about the benefits of selling Fairtrade products.</p>	<p>Chocolate's history dates back well over 2,000 years, to Mexico.</p> <p>Create a timeline of the history of chocolate.</p>	<p>Using the information you have learnt from 'Unwrapping the Bar', write a Fairtrade chocolate quiz for your family or friends.</p> <p>Share your quiz questions with us at schools@fairtrade.org.uk.</p>
